

You Win! Your religion mostly domains the entire territory, the habitants worship your gods and look for approval in your beliefs.

Chaos path-> the rest of the remain religion have been eliminated or rejected from your domains.

Elotro path-> the rest of the remain religion accepts your superiority and remain with barely influence over the cities.

You Lose! Your religion barely have recognition around the territories, your gods are disappointed in you and they have neglected your path.

Chaos path-> your believers and devouts are dead or trying to leave the domain, you have no future here.

Elotro path-> your believers are leaving your religion with the time and your devouts have no influence anymore, you have no future here.
